

Verse

G D G

I always knew there'd come a day

G D G

When your sweet talk turned to lies along the way

C D G

Would take me somewhere I don't want to be

G D G

And I would lose my will to love and live

G D G

Because there'd be nothing left for me to give

C D-build up

And I strum through silent nights in misery

Chorus

C G

I knew I'd find a girl

D G

In this wild and crazy world

C D G

But I never thought she'd break my heart in two

C G

I never thought I could sell my soul

D G

For anything but rock n roll

C D G

And I sing, but I don't know what to do

Verse 2

I always thought I was so strong

Too proud to see the writing on the wall

And still, I sit alone and wonder why

Why did I let it come to this?

Did she trap me with her looks and poisoned kiss?

It's enough to make a grown man run and hide.

Chorus

Bridge

C

G

Well I heard you've found somebody new

D

G

To walk the hell I've made it through

C

G

As long as it ain't me, I can't complain

C

G

Call it just a twist of fate

D

G

I'm still here and it ain't too late

C

D build up to chorus

To put this broken heart back in the game

Last chorus

And I know I'll find another girl

In this crazy, crazy world

And she won't want to break my heart in two

And I won't have to sell my soul

For anything but rock n roll

And I'll sing, and she'll know what to do

C D

No, I won't have to sell my soul

E D C C hold

For anything but rock n roll

C D G

I'll sing 'cause she knows exactly what to do.
